My Job Board Job Posting Network

Do you have an information-only careers page on your website? Many job seekers expect to be able to find relevant jobs and apply directly from your site. With My Job Board you can promote jobs directly from your site, with no setup required.

Example of My Job Board:

The screenshot shows the Axiom Learning job board interface. It features a header with the company logo and a main section titled "Join Our Winning Team!" with the subtext "Start Your New Career Today!". Below this is a search bar with a magnifying glass icon, a "Search for Jobs" placeholder, and a "Search" button. To the right of the search bar are two dropdown menus labeled "Select Location" and "Select Category". Below the search bar, it says "Showing 1 - 6 of 6 jobs". The main content area is a table with four columns: "Role", "Location", "Category", and "Apply Now". The table lists four job openings, all for "Teaching/Training" roles in various locations (Menlo Park, CA; Wellesley Hills, MA; Los Altos, CA). Each row has an "Apply Now" button.

Role	Location	Category	Apply Now
Full Time Academic Skills Tutor	Menlo Park, CA	Teaching/Training	Apply Now
